Balkan Medical Journal is indexed in Science Citation Index Expanded, Journal Citation Reports, EMBASE, Scopus, CINAHL, EBSCO, DOAJ, Chemical Abstracts, Index Copernicus and Tübitak/Ulakbim Turkish Medical Database.

Checking the consistency with the journal’s standards and typesetting of the manuscripts, editing of the English abstracts, full-text and references, preparation for publishing and printing of the journal have been carried out by AVES Publishing.
AIMS AND SCOPE

Balkan Medical Journal is an international journal publishing clinical and experimental studies, interesting case reports, invited reviews, letters to the Editor, meeting abstracts, news and bulletin, clinical news and abstracts of interesting researches conducted in all fields of medicine. The language of the journal is English. The journal is based upon independent and unbiased double-blinded peer-review principles.

The journal is the scientific publication of Trakya University Faculty of Medicine and published four times per year; in March, June, September and December. The journal is financed by Trakya University Faculty of Medicine.

The aim of the journal is to publish original articles with highest clinical and scientific quality at the international level. Moreover, reviews covering main innovations in medical education, Editorials, case reports and original images are also accepted for publication.

The target group of the journal is academicians, researchers, specialists and primary care physicians working in all branches of medicine.

Editorial and publication processes of the journal are conducted in compliance with ICMJE, WAME and COPE standards.

Balkan Medical Journal is indexed in Science Citation Index Expanded, Journal Citation Reports, EMBASE, Scopus, CINAHL, EBSCO, DOAJ, Chemical Abstracts, Index Copernicus and Tübitak/Ulakbim Turkish Medical Database.

Subscriptions/Permissions and Reprints/Advertisements

Instructions for Authors
Instructions for authors are available in the print version of the journal and in the following link: www.balkanmedicaljournal.org

Material Disclaimer
All opinions and reports within the articles that are published in the Balkan Medical Journal are the personal opinions of the authors. The Editors and the publisher do not accept any responsibility for these articles.

The journal is printed on acid-free paper.
INFORMATION FOR AUTHORS

The Balkan Medical Journal is an international journal which publishes clinical and experimental trials, interesting case reports, invited reviews, letters to the Editor, meeting, news and bulletin, clinical news and abstracts of interesting researches conducted in all fields of medicine. The language of the journal is English. The journal is based upon independent and unbiased double-blind peer-review principles.

The Journal is the scientific publication of the Trakya University Faculty of Medicine, and is published four times per year; in March, June, September and December.

The authors are responsible for the scientific content of the material to be published.

Manuscripts must only be submitted electronically through the following website: www.balkanmedicaljournal.org

Only the papers that have not previously been published in any scientific publication are accepted for publication. Manuscripts that have been presented orally or as a poster must be stated on the title page with the date and the place of the congress.

All articles submitted for publication are peer-reviewed for their suitability for the Journal. Papers do not comply with the format of the Journal will be returned to the author without further review. Therefore, to avoid time and work loss, authors must carefully review the rules of the journal.

Manuscripts that comply with the main rules of the journal are sent to at least two reviewers from Advisory Board, and the reviewers are asked for opinion about the suitability of the paper for publication. The reviewed manuscripts are then re-reviewed by the Editorial Board and the publisher and volume of the manuscripts are arranged.

All submissions must be accompanied by a signed statement of scientific contributions and responsibilities of all authors and a statement declaring the absence of conflict of interests.

Any institution, organization, pharmaceutical or medical company providing any financial or material support, in whole or in part, must be disclosed in a footnote.

Manuscript format must be in accordance with the ICMJE-Uniform Requirements for Manuscripts Submitted to Biomedical Journals: Writing and Editing for Biomedical Publication available at http://www.icmje.org

The Advisory Board, Editorial Board and the Publisher have the authority to edit the manuscripts, request changes in the format of the manuscripts, and make reductions within the authors’ knowledge in typographic control. Until the required changes and edits have been made, the papers will not be preceded for publication.

Manuscript Sections

The manuscript file should include full and short title, key words, text, references, tables (each table on a separate page), figure legends (if any) in the mentioned order. Author names and their institutional information, figures and illustrations should not be present in the manuscript file.

Abstracts should follow the titles. For research articles, abstracts should be structured as follows: Objective, Material and Methods, Results, Conclusion, and should not exceed 200 words. The main text should be structured as follows: Introduction, Methods, Results, Discussion, Conflict of Interest Disclosure and References. Abstracts of case reports should mainly include information about the case and should consist of a short and single paragraph. Only the abstract must begin on a separate page. Case reports should also be structured as Introduction, Case(s) and Discussion following the titles and abstracts.

References

Reference listing must be in accordance with ICMJE standards and numbered consecutively at the end of the manuscript in the order in which they are mentioned in the text. Journal abbreviations should be in Index Medicus style. If there are more than six authors, it should be abbreviated with the use of “et al.”.

Authors should only cite the articles that they have directly used. Our journal does not approve the citations made from references of any other articles. If a reference is considered not to be directly cited, the reference(s) must be verified by the authors against the original documents by sending the photocopy of the first page(s). Any citation of unpublished work, of which the page as numbers could not be provided, such unpublished conference, symposium, and meeting presentations, is permissible.

Tables, Figures, Graphics and Photographs

Tables, figures and graphics should not be embedded in the manuscript. Each table must be on a separate sheet. Figures, graphics and photographs must be submitted as a separate file in jpeg format in high resolution.

Table and figure legends must be placed at the end of the main text. Tables, figures and graphics must be cited in the text.

Ethics

For articles concerned with experimental research on humans, a sentence showing that the informed consent of patients and volunteers has been obtained following a detailed explanation of the procedures that they may undergo. All recognizable photographs of patients must be accompanied by a written permission of patient for reproduction.

In such studies, authors should clearly state the compliance with internationally accepted guidelines and the guidelines issued by the Republic of Turkey Ministry of Health and published in the Official Journal dated 29 January 1993 number 21480’ Regulations Concerning Drug Research’, and other more recently published rules laid out in governing statutes. They should forward a copy of the Ethics Committee Approval received from the relevant institution. In the manuscript, the procedures that have been performed to eliminate any pain, harm and distress in subjects should be clearly stated.
